# GUILD ELECTRIC GUITARS

# The Guild "Stuart 500"

Ivoroid bound neck and head plate. The neck is of 5-piece selected hard maple construction with Adjusto steel truss rod and fingerboard of finest selected rosewood with 8 two-tone deluxe mother-of-pearl position markers. Professional scale of 25% length. The cutaway body measures 17" x 21" x 3%". Sides and back are of highly flamed choice curly maple . . . top is select fine grain spruce. Finest 8 ply binding on top and back. Complete versatility is provided by two built-in Guild "Frequency Tested" pickups with two volume and two tone controls, plus exclusive Guild toggle for instant selection of any one or combination of any two pickups. This arrangement, with the individual string adjustment screws, allows an endless variety of tonal color and perfect tonal balance. All metal parts richly gold plated . . . fully enclosed tuning pegs . . . top professional construction and parts throughout ... equipped with Guild "Rite-Slant" wound stainless steel strings . . . the "strings of the stars."

No.	725.	Golden	Sunburst	Finish	.Each	\$445.00
No.	726.	Blonde	Finish		Each	465.00

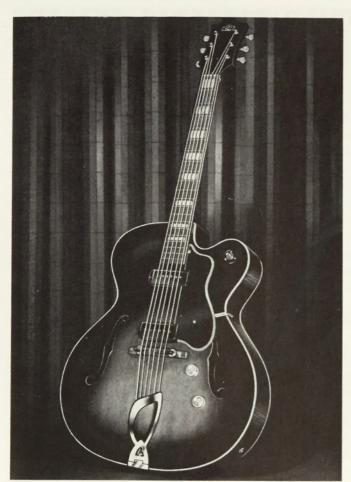

Extra slim, fast action neck of 3-piece hard maple construction with Adjusto steel truss rod. The ivoroid bound fingerboard is of finest select rosewood and has 8 large motherof-pearl position markers. Professional scale measures 25%4". The body of fine selected maple and spruce hardwoods, measures  $17^{\prime\prime}$  x  $21^{\prime\prime}$  x  $3\frac{1}{4}^{\prime\prime}$ , and has triple contrast binding on front and back. Gracefully arched top and back. Three built-in Guild "Frequency Tested" pickups with volume and tone controls, plus automatic "Multi-switch" changer for instantaneous selection of any one or combination of any two or three pickups provide the versatility of an electric organ at the fingertips of the player. Push button markings are: "B" for bass; "M" for middle tones; "T" for high treble; "TM" for treble-middle tones combined; "TB" for treble-bass tones combined; "MB" for middle and bass tones combined. By depressing the last two buttons, all three pickups are activated. Individual string adjustment screws allow for perfect tonal balance of all strings. Metal parts heavily gold plated ... compensating bridge of fine selected rosewood ... professional type construction and parts throughout . . . supplied with Guild "Rite-Slant" stainless steel wound strings . . . "the strings of the stars."

Cover ..... Each 6.50

# The Guild "Masteramp — 110" Amplifier

MOST versatile of them all! The most magnificent electronic tonal quality ever heard is now yours in this exclusively engineered Guild "Masteramp—110." Complete full tonal colorings with lightning-like range from rich deep bass to brilliant treble. Tonal coloring combinations never before possible are achieved with the convenient simplified control system. Electronic tremolo . . . variable in strength and speed and with optional on-off foot switch. 10 tubes; 15" heavy duty Jensen speaker; power 30 watts; 6 inputs; 4 instrumental inputs with volume control and separate volume and tone control; 3 separate channels. 21½" L. x 20" H. x 9" W. Weight: 38 lbs.

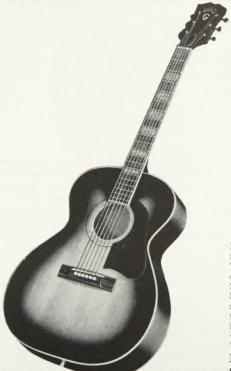

No. 8338. Custom Zip-around Cover.....Each 8.00

#### **GUILD FLAT TOP GUITARS**

# The Guild "Aragon F 30"

Very slender, easy action neck of 3-piece imported Honduras mahagany with Adjusto steel truss rod. Fingerboard is of gently rounded rosewood for long-playing ease. Imbedded pearl dot markers. The scale is a full professional 25¾" with 14 of the 20 frets clear of the body for instant, finger free action. The body is of fine quality aged woods . . . with a select spruce top and unique curly maple back and sides. The graceful lines are accented by white ivoroid binding on top and back edges of the body while black and white contrast purfling outline the soundhole. The smoothly fitting pick-guard enhances both the playing quality and the beauty of the instrument. The body measures 15" wide x 19½" long x 4" in depth at end pin and is finished in warm shades of rich mahagany brightening into sunburst tones. Equipped with Guild "Rite-Slant" wound bronze strings for lasting playing pleasure.

## The Guild "Valencia F 40"

Extra slim, extra easy neck action is a feature of the 3-piece imported Honduras mahogany neck with Adjusto steel truss rod. The ivoroid bound fingerboard, of select rosewood, is properly convex for long-playing comfort. The scale is a full professional 253¼" with 14 of the 20 frets clear of the body for quick action. Eastern Spruce top, sides and arched back are of fine grained maple. The white ivoroid binding on top and back emphasizes the graceful curves . . and double sets of black and white inlaid purfling outline the soundhole. The body measures  $16^{\prime\prime}$  wide,  $20^{\prime\prime}$  long, and  $4^{1}\!\!\!\!\!\!\!\!/$  deep at end pin. Equipped with Guild "Rite-Slant" wound bronze strings for lasting playing pleasure.

## The Guild "Navarre F 50"

Imported Honduras mahogany has been formed into the most slender of necks... featuring 3-piece construction and Adjusto steel truss rod. The fine rosewood fingerboard is slightly ovaled for perfect playing ease. Added neck details are flush, like—pearl markers and ivoroid edgings. The full professional scale of 2534", with 14 of the 20 frets clear of the body, increase the musical potential of this masterpiece. The bound head plate is an additional quality touch. The body, with elegant 5 and 3 ply ivoroid binding, has a top of fine hand-picked spruce and sides and back of select curly maple. The width at the bottom of the body is 17", the length of the body is 21" and the depth at the end pin is  $4\frac{1}{2}$ ". Multiple plies of black and white inlaid purfling outline the soundhole. The beauty and playing quality of the instrument are enhanced by the accurately proportioned pick-guard. Equipped with Guild "Rite-Slant" wound bronze strings for lasting playing pleasure.
