

GUILD® Acoustic Design Series

MADE TO BE PLAYED SINCE 1953

GUILD® Acoustic Design Series

Having the right tools makes any job easier and more enjoyable – if you're a cook, you need the right knives; if you're a carpenter, you need the right plane or saw.

When the "job" you're doing is expressing yourself, the Guild Acoustic Design series guitars are the right tools. Fantastic playability and legendary Guild tone takes the struggle out of playing the guitar, and leaves you free to experience the magic that Guild players have felt for more than 50 years.

Experience the legendary sound of Guild at a more affordable price than ever before, and get yourself the tools that will help you craft the perfect performance.

NEW!

The GAD-40C cutaway dreadnought acoustic is now available with the legendary Fishman® Matrix 1™ undersaddle pickup system, with its active endpin-mounted preamp.
